Overview of our learning programs

Troodi's digital learning programs

Welcome!

It is nice to see that you are interested in our digital learning programs!

On the following pages you will find a complete overview of our English learning programs. Our portfolio currently includes more than **50 learning programs** in nine different subject areas. Our team is constantly working on developing new learning programs for our users.

In this brochure you will first find an **overview of our thematic clusters**, followed by detailed information on each individual learning program per cluster.

If you have any questions about our current or in-production learning programs, please feel free to contact us.

Best,

Mona Markmann
